## **MOLDOVA STRENGTHENS ENERGY SECURITY THROUGH EU-ALIGNED OIL STOCKS**

-

02.07.2026

---

EU Neighbours East (1 July 2026)

On 26 June, the Moldovan parliament adopted an oil stocks obligation in line with EU standards. The Law on the Security of Supply of Petroleum Products mandates that Moldova maintain petroleum product stocks equivalent to at least 90 days of net imports.

In a press release published on 30 June, the Energy Community Secretariat called this decision the latest step in a deliberate and concerted effort to strengthen the countrys energy security and reduce its exposure to external supply shocks.
